

UNITED STATES NAVY

Dear Mr. Woodin: Sept. 3, 1945

Hello, from Great Lakes. I suppose you knew I made the Navy. We started Boot Camp on August 11. It is really tough and they certainly keep you busy. At present our company is serving in the chow hall. We have to serve all this week. We have to get up at 4:00 o'clock and get off work about 7:30 at night. We have about 1 hr. between meals to do whatever we want. That is what I am doing now. It is the only time we have to write.

~~at~~ How is everything back Hilliards? School starts tomorrow, doesn't it? How  
over

does the F.F.A. stack up this year? Will there be as many members as usual?

I heard you had a good fair. How did the F.F.A. come out? Leading in everything I suppose. Jim said he was getting all ready to show when he was called.

Most of our work up here is washing our clothes. That is really a job, especially with white uniforms. We are supposed to change into blues before long.

Well, I have a lot of letters a foot high to answer so will close for now.

Sincerely,  
Nate E., Jr.
